TWO CENTS

Every Man, Woman and Child in Roscoe Gives Specimen of Hand Writing to Sheriff and Prosecutor in Fire Probe

COUNTY OFFICERS SPEND MONDAY AND TUESDAY IN VILLAGE; GET RESULTS

Even Highest Respected Residents Of Village Must Write On Pad At Dictation Of Men — County Making a Desperate Attempt To Reach Bug.

Villagers Refuse to House The Persecuted School Teacher and Home and Protection Is Found With Former Police Chief Here.

Since early Monday afternoon Sheriff McDonald and Prosecutor Klein have been making a house-to-house canvass of Roscoe compelling every man, woman, and child who can write to give them a specimen of their handwriting. The specimens will be compared with the anonymous notes which have been received since the burning of the school building on New Years eve and it is thought that by this system the mystery of the origin of the many incendiary fires will at least take some tangible form.

It is understood that Sheriff McDonald has said that any person or persons who refuses to furnish a specimen of his handwriting or in any way tries to veil the character of his writing will be placed under arrest at once.

Village Excited.
The two officials caused a copious amount of excitement in the village and in Coshocton when they went to Roscoe Monday afternoon and began their canvass of the town. At first it was rumored in Coshocton that an arrest before midnight was inevitable and the reign of terror that has existed in Roscoe since the first of the series of incendiary fires and anonymous threatening notes would be brought to an end.

It is the first drastic measure that has been taken by the county officials in their attempt to run down the "firebug" and it is felt that the system will prove successful.

No Refusals.
Sheriff McDonald and Prosecutor Klein started their work Monday afternoon. They started in one end of the village and went to every house. Even the best families in the village were visited and each member of the family had to write on a pad carried by the two officials at the dictation of one of them. They received no sign of unwillingness from anyone. It was nearly dusk when the two men wound up their work with only about one third of the village covered.

Early Tuesday morning they again went to the village and took up their work. They were at it until noon and immediately after they had eaten they returned.

Expert Coming?
It is said that a handwriting expert from Columbus will be in the village tonight to make the comparison between the specimens received and the writing contained in the anonymous notes. The notes plainly show that the writing was done by one person and it is no conjecture on the part of county officials at least that the writer of the notes is the incendiary who is wanted.

All of Roscoe is at highest tension today waiting for some development following the visit of the two officials.

Amateur Detectives.
It is understood today that several amateur detectives living in Roscoe have undertaken the task of ferreting out evidence for the county authorities in an effort to secure the \$500 reward offered jointly Saturday afternoon by the state fire marshal and the county commissioners. Just who these men are cannot be learned.

Teacher Turned Away.
When Miss Florence Osborne, the young Columbus girl who has been persecuted by threats made in the anonymous notes, returned to the village Monday, none of the villagers would take her into their home. A canvass of the town was made and all turned her away fearing to give her shelter. They are imbued with a spirit of fear to such an extent that they think if they would take the young woman into their homes their property might be destroyed in the same manner as the LeRetteley store, the postoffice, the building adjoining the postoffice, the schoolhouse, and two sheds.

When no shelter could be found in Roscoe, Sheriff McDonald took the matter in hand and came across the river into Coshocton. He stopped at

Capt. Geidel Reappointed With Increased Territory

BIGGER TASK IS PLACED

Coshocton Man Responsible Now For Practically Whole System.

At the meeting of the State Board of Public Works at Columbus Tuesday afternoon, Capt. Charles Geidel, of Coshocton, was appointed superintendent for the coming year, at increased salary and increased territory.

His new territory reaches from Navarre to Portsmouth where the canal connects with the Ohio river. Until now, his territory has been from Navarre to Buckeye Lake only. Formerly it reached from Navarre to Dresden, but Capt. Geidel's work has been so thoroughly satisfactory and always conducted on such business-like basis, that the board has given him entire control of the canal with the exception of the short northern end from Navarre to Cleveland.

Cross Petition.
In the case of Chas. McCoy vs. Ella Davis et al the answer and cross petition of the defendant was filed in probate court Tuesday.

The Thompson-McKeown dry goods store has reopened its doors to the public after being closed during the past three days for invoicing.

CAPT. CHARLES GEIDEL

Today appointed superintendent for the entire southern division of the Ohio canal.

ABANDONED HER, WANTS A DIVORCE

Charging gross neglect of duty Hattie E. Brown has started suit in probate court against W. W. Brown for a divorce. They were married in Newcometown Oct. 21, 1902. On the following May he abandoned her and went to Columbus. He never returned. She says that he sent her \$5 on Aug. 5, 1903 and on Jan. 4 sent her \$4 with which to come to him in Columbus. She also wants the custody of their 6-year-old child.

GIRL'S CLOTHES ARE TORN OFF BY SHAFT

Miss Grace Wheeler, 20, Meets With Accident At Glove Factory Early Tuesday Morning — Skirts Caught In Projecting End of Line Shaft.

When her skirts were caught in the end of a rapidly revolving line shaft at the plant of the Coshocton Glove Co. Tuesday morning at 7 o'clock, Miss Grace Wheeler's clothes were torn almost from her body and she was thrown to the floor sustaining several slight abrasions of the skin on one limb and a few painful bruises. She was removed to her home on Elm street and given medical attention but her injuries are trivial.

The line shaft runs parallel with the floor line about six inches above the level of the floor. It is from this shaft that power is transmitted to the sewing machines which are arranged on a long table extending nearly the entire length of the big work room. The end of the shaft projects from one end of the long sewing table but usually is covered with a box-like protection to guard against just such accidents. For some unknown reason someone had removed the protecting box and the end of the shaft was left unprotected. When Miss Wheeler passed around the end of the table her skirts were caught in the shaft and were soon wrapping tightly around it. Her skirts were torn off and she was thrown to the floor. After she had been disentangled she was removed to her home and the company called Dr. Pomeroy to attend her. While the girl was suffering from a nervous shock her injuries were not serious.

1000, Suspected of Disloyalty, Killed

Twenty Thousand Indians Take Warpath and Demand Madero To Resign — Blood Flows Like Water Down In Mexico.

Mexico City, Feb. 12.—Twenty thousand Oaxaca Indians of the same tribe from which the mother of former President Diaz sprung, have taken the warpath under Pedro Diaz Quintez, demanding the abdication of President Madero. So critical has the situation become that the war office will begin recruiting by conscription by the first of March. The war office gave out unofficial information today that more than 1,000 non-combatants who were suspected of disloyalty to General Zapata, have been put to death. This announcement was intended as a warning.

Demand Madero Resign. The Spanish section of the press has taken sides against President Madero, demanding his resignation on the ground that he cannot handle the chaotic situation which exists throughout the republic. Outlawry has spread to such an

The students are fully prepared to give the play which promises to be one of the best local talents ever presented by the school.

MRS. LINCOLN THOUGHT ABE WAS DRUNK

New York, Feb. 13.—Col. George M. Whistler of Fort Wadsworth today told a perfectly good Lincoln story. Col. Whistler said he was a "playmate" of Tad Lincoln during the civil war. As such he heard that Mrs. Lincoln looked out her husband the night he received the presidential nomination. After Mr. Lincoln had knocked repeatedly Mrs. Lincoln called out:

"Who's there?"
"It's Abe," Mr. Lincoln answered mildly. "Please let me in."
"What have you been doing, tramping around till all hours of the night?" came the irate reply.

"My dear," was Mr. Lincoln's reply, "I have just been nominated for president of the United States."
"Abe," came Mrs. Lincoln's retort from behind the door, "I thought you were drinking before. Now I know you're drunk."

The thermometer registered 7 below zero at the power house of the Light and Heating company Tuesday morning and 10 below at the residence of Tom Page south of the city.

BOLD BAND OF HOLD-UP MEN PROVE TO BE ONLY A PANHANDLING CROWD

Four Men Are Locked Up For Begging On the Streets And Are Threatened With Snow-Shoveling By Mayor Cassingham In Court.

Sensational Story of "Hold-Up" In City's Center Is Denied By Police and Treated as a Joke By "Victims."

Four "hold bad men" stopped four Coshocton men on Main-st near the Commercial National bank at about 8 o'clock Monday evening and begged for money with which to buy bread. Three of the men gave them small sums of money. The case was reported to the police and the men were locked up charged with vagrancy and begging. They were shipped out of town Tuesday afternoon.

The four men were all common tramps and did not live in Coshocton. Two of the had men claimed they were glass blowers but neither had his card. One said that had sent him to Newark to secure him a position and the other said he had left his at home. The other two had no particular business.

All the men were big "huskies." They appeared in police court Tuesday morning with their hair disheveled and looking as though their faces and soap and water were not even on speaking terms. The mayor told them what they were charged with. When he said they would be made to stay in jail three days a smile as if of joy passed over the four faces simultaneously. But when the mayor added that the morning they would be turned over to the street commissioner and made to shovel snow off the streets with the street cleaning department the four faces as

Dr. Hess Delivers Inspiring Address To Farmers At Monday Night's Session — Affair To Close Tuesday Night.

The Isleta Farmers' Institute which is being held Monday and Tuesday in the Isleta M. P. church has been a decided success. Farmers from the surrounding country have been flocking into the village at every session and Monday night the commodious church was filled to its utmost capacity. Dr. Hess, president of West Lafayette college, made an address Monday evening which was filled with many inspiring helpful thoughts. Monday night's program was more on the literary order. There were recitations, music and readings. Tuesday's sessions were all well attended and everyone is having an enjoyable time. Tuesday's program was as follows:

Song and invocation.
"How to Raise Alfalfa," Bert Smith
"Nursery Stock and Pruning," F. N. Fagan.
Round table.
"Live Stock the Sheet-anchor of Successful Farming in Ohio," C. R. Wagner.
"Why Farmers Should be Organized," Allen Murphy.
Report of committees.
Afternoon Session.
Song.
Election of officers.
"Feed and Care as it Relates to Successful Animal Husbandry," C. R. Wagner.
"Orchard Enemies and Spraying," F. N. Fagan.
"The Horse and His Care," Dr. W. C. Robinson.
"Building Up a Run-down Farm," Bert Smith.
Adopting resolutions.
Adjournment.
Standard time used. Discussions will follow each address. Round table to be selected from list given. Good meals furnished at 25c.

NEW MANUFACTURING PLANT TO OPEN SOON

Taylor Manufacturing Jewelry Co. To Make All Kinds Of Gold and Silver Goods in Coshocton Plant

Within a few days the Taylor Manufacturing Jewelry company will start its plant in the Frew building. The plant is one of the best equipped in the state and is prepared to do all kinds of jewelry work. The mechanism and process of manufacturing of the different articles is as interesting as the displayed goods. The work is of varied kinds and requires skilled hands to turn

out the goods. The gold is received in lump form and is cast and cut by dyes into any desired shape. The dyes themselves are skillfully made and are very expensive. The planing and finishing of the articles is all done in the shops and within a few hours the workmen are able to make from an ordinary piece of gold a well shaped and appearing piece of jewelry. The plant will be in full operation at the end of the week.

ARRESTS COME TODAY

Union Men Other Than Iron Workers Among Indicted.

Indianapolis, Feb. 13.—Arrests in the dynamiting cases are expected to be made today, and it is not denied at the federal building that all the defendants are not members of the International Association of Bridge and Structural Iron Workers. It is said that at least two members of other unions have been indicted, but what unions they are or how many of them were caught in the government net can not be learned.

At least one of the unions which is said to have been strong against the policy of helping the iron workers, is said to be one which will receive a surprise when the indictments are made public. One of its well-known workers, who has traveled extensively in various parts of the country, is believed to have been named in the grand jury indictments as a defendant.

THE CARELESS GROCER

Blundered, and Great Good Came of It.

A careless grocer left the wrong package at a Michigan home one day and hereby brought a great blessing to the household.

"Two years ago I was a sufferer from stomach trouble, so acute that the effort to digest ordinary food gave me great pain, and brought on a condition of such extreme nervousness that I could not be left alone. I thought I should certainly become insane. I was so reduced in flesh that I was little better than a living skeleton. The doctors failed to give me relief and I despaired of recovery.

"One day our groceryman left a package of Grape-Nuts food by mistake, so I tried some for dinner. I was surprised to find that it satisfied my appetite and gave me no distress whatever. The next meal I ate of it again, and to be brief, I have lived for the past year almost exclusively on Grape-Nuts. It has proved to be a most healthful and appetizing food, perfectly adapted to the requirements of my system.

"Grape-Nuts is not only easily digested and assimilated, but I find that since I have been using it I am able to eat anything else my appetite fancies, without trouble from indigestion. The stomach trouble and nervousness have left me. I have regained my plumpness and my views of life are no longer dependent and gloomy.

"Other members of my family, especially my husband (whose old enemy, the heart burn, has been vanquished) have also derived great benefit from the use of Grape-Nuts food and we thus no morning meal complete without it." Name given by Postum Co., Battle Creek, Mich.

"There's a reason," and it is explained in the little book, "The Road to Well-being," a pgs.

Scene from "Polly of the Circus," at Sixth-St. Friday night, Feb. 16th.

"Polly of the Circus"

Local theatre-goers will be delighted at the announcement that arrangements have just been concluded whereby "Polly of the Circus," one of the most successful plays of the present generation, is to be an attraction at the Sixth-St. theatre Friday night. Since its first production this refreshingly original drama has established itself as the great American play, and has been most enthusiastically endorsed by press and public alike in every city in which it has been seen. Its local visit will be remarkable for the reason that the presentation will be made with exactly the same elaborate scenic production of extraordinary magnitude that

excited so much admiration during the year the play ran at the Liberty theatre New York City. "Polly of the Circus" will bring here Miss Georgia Olp in the title role and one of the most carefully selected and competent acting companies ever sent on tour, in addition to which the cast includes a number of spectacular circus acts, which lend the law-dust atmosphere to the great third act scene. It is very rarely that a production as extensive and complete as "Polly of the Circus" is sent to any but the largest cities, and the engagement of this great play here will undoubtedly be the signal for the largest outpouring of theatregoers in several seasons.

All the Coffee Joy Without Coffee Penalty!

WOULDN'T you like a good, fragrant, steaming cup of coffee without having to think of coffee illness afterward?

Here's your cup. It certainly *smells* like good coffee. It *tastes* like good coffee—

And there is not a drop of coffee trouble in it! There is only one drink in the world like that. It is

Fitch's Grains of Health

The Coffee Substitute With the Coffee Taste

A special high-grade blend of coffee so combined with roots, herbs and vegetables that the caffeine is counteracted while the flavor remains. You can drink all you want. Drink half a dozen cups at a time.

No matter how sensitive your stomach, Fitch's GRAINS OF HEALTH won't hurt you. It is good for you.

People who dare not touch coffee can drink Fitch's GRAINS OF HEALTH—get the real coffee taste—and experience a great benefit. We have multitudes of testimonials—some from distinguished physicians—that Fitch's GRAINS OF HEALTH speedily alleviates indigestion, heartburn, sour stomach, biliousness, sick headache, constipation, etc.

Fitch's GRAINS OF HEALTH is sold by all leading grocers. The price is 30 cents the pound package. It is ground, ready for use. It is just as easy to prepare as coffee. But only half as much of Fitch's GRAINS OF HEALTH is required as coffee. Therefore it costs only half as much as good coffee.

If your grocer cannot supply you, write us, mentioning his name, and we will send you a generous sample package of Fitch's GRAINS OF HEALTH (enough to serve a large family at breakfast) and a booklet telling you all about Fitch's GRAINS OF HEALTH. Enclose 6 cents in stamps for postage.

Oh, How I Itched!

What long nerve-racking days of constant torture—what sleepless nights of terrible agony—itch—itch—itch, constant itch, until it seemed that I must tear off my very skin—then—

Instant relief—my skin cooled, soothed and healed!

The very first drops of D.D.D. Prescription for Eczema stopped that awful itch instantly! Yes, the very moment D.D.D. touched the burning skin the torture ceased. A 25c bottle proves it.

D.D.D. has been known for years as the only absolutely reliable eczema remedy, for it washes away the disease germs and leaves the skin as clear and healthy as that of a child.

All other drugs have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

Maine Grangers Don't Care For Free Seeds.

At one of the largest sessions of the Maine State Grange, Senator Obadiah Gardner asked outright the question: "Do you people want the free government seeds to continue?" Instantly a thousand voices rang out in an overwhelming chorus of "No!" It was a significant demonstration and may well be noted in the councils of the mighty at Washington.

Parcels Post

Every grange in this county should take up the discussion of parcels post. Discuss it in all its phases. Educate your members upon it. Then act. What we want is real parcels post—not a substitute.

Plainfield Grange Held Good Meeting. Plainfield Grange held an all day meeting at their hall last Saturday. This grange holds its regular meetings the first Saturday of each month.

The Unwritten Work

Worthy Lecturer Geo. Stonehocker of Oak Grove Grange has introduced a system of questions on the unwritten work of the degrees that should be of great benefit to his members. The quiz is conducted at the end of the regular lecture hour. Very often the unwritten work is neglected in

many granges. Other lecturers could follow this example with good results.

Bethlehem Meeting a Good One. Bethlehem Grange's meeting Friday evening was a good one. The grange discussed "The greatest profits from grange attendance—social, financial or educational," in addition to a fine program of recitations, readings, vocal and instrumental music.

Refers to Progressives as Political Emotion-alists

New York, Feb. 13.—Before the Republican club, at its annual Lincoln dinner at the Waldorf, President Taft outlined the policy and performances of his party and defended the acts of his administration.

He didn't mention Colonel Roosevelt directly, but the club members and their guests figured that he had been reading the colonel's recent quotation from a Lincoln letter to the effect that "gold is good in its place, but living patriotic men are better," and there was a roar of approval when Mr. Taft said:

"It has been said, and it is a common platform expression, that it is well to prefer the man above the dollar, as if the preservation of property rights had some other purpose than the assistance to and the uplifting of human rights. When, therefore, the demagogue mounts the platform, and announces that he prefers the man above the dollar, he ought to be interrogated as to what he means thereby—whether he is in favor of abolishing the right of the institution of private property and of taking away from the poor man the opportunity to become wealthy by the use of the abilities which God has given him."

What is a Progressive?

The president went on to declare that the "old" Republican party is the only "true" progressive party, and denounced the kind of progressivism which desires "to make the selection of candidates, the enactment of legislation and the decision of courts to depend on the momentary passions of the people" as "not progressivism, but political emotion-alism or neurotism."

When Mr. Taft said that he had no pause for a long time while the Republican club shouted, laughed and cheered its approval.

Just before President Taft came in he was informed by his secretary that dispatches had been received saying that the Colorado state central committee had voted 105 to 10 to send Taft delegates to the national convention; that the Republicans in Alaska had taken similar action; and that the Eighth Virginia district, that of Alexandria, had voted to instruct its two delegates for Taft.

The news served to put Mr. Taft into a very pleasant humor, if anything, was needed to do so, and the Taft smile was very much in evidence when he posed with Mr. Barnard for the flashlight picture.

RUSHES TO DEFENSE OF AMERICAN ARMY

Stimson Declares Helm's Cost Figures Are Exaggerated

Washington, Feb. 13.—A published statement that the United States army had cost \$1,896,000,000 in the last 13 years brought a vigorous protest from Secretary of War Stimson. This statement was based on figures given out by Representative Helm, Democrat, chairman of the house committee which has been investigating expenses in the war department. Secretary Stimson and other officials pointed out that this sum can not be said to be the amount spent on the army, inasmuch as it includes the tremendous expenditures upon river and harbor work, the cost of the Spanish-American war operations, the cost of the Philippine insurrection, the Chinese relief expedition, the cost of two Cuban interventions, expenditures on the state military organizations, fortifications, new posts, all the soldiers' homes and all the national cemeteries.

SUBSTITUTE ADOPTED

Senate Committee Turns Down Sherwood Measure.

Washington, Feb. 13.—After rejecting the Sherwood dollar-a-day pension bill by a vote of 10 to 4, the senate committee on pensions agreed favorably to report a substitute measure based on service and age, carrying an estimated appropriation of \$24,112,578.

The committee substitute, which it is believed will be adopted by the senate, means an annual increase per pensioner of \$57.27, according to the estimate of the commissioner of pensions.

Aimed at Roosevelt.

Washington, Feb. 13.—A joint resolution to prevent a presidential third term was introduced by Reed (Dem., Mo.) in the senate. It proposes to amend the constitution and make ineligible to the presidency any person who has served two terms or one term and part of another.

Poet Harry Kemp and Mrs. Sinclair No Longer Affinities

New York, Feb. 13.—Mrs. Meta Sinclair, one-time wife of Upton Sinclair, the novelist, and Harry Kemp are no longer in a little bungalow on the Manhattan river, near West Point Pleasant, N. J. Mrs. Sinclair is with her father and mother, writing a book, and Kemp has departed, and left no address, it is said. All that William M. Fuller, Mrs. Sinclair's father, would permit himself to say was this: "My daughter is with her father and mother. She is writing a book. The episode is over."

HURL A BRICK THRU WINDOW; GET 9 WATCHES

Canal Dover Is Visited By Bold Band of Burglars

Canal Dover, Feb. 13.—Hurling a brick through a plate glass window in the Watch Shop, Third street, Canal Dover, burglars scooped up nine gold-filled watches valued at \$100, and made their escape Monday morning. Police have absolutely no clue.

The robbery was one of the most daring in Canal Dover in years. There was a large fire light burning in the store, throwing a bright glare in both sides of the Watch Shop, yet the thieves apparently did not hesitate in throwing the brick through the window with such force that it splintered

a small panel door in the rear side of the window and finally landed several inches from a heavy plate glass show case in the front end of the store.

TASK WELL DONE

The retirement of Frank E. Pom-
erene from the board of trustees of
the Coshocton public library is a mat-
ter of genuine regret not only to his
associates but to the public at large.
Mr. Pomerene was more instrumen-
tal than any other one man in in-
teresting Andrew Carnegie in Cosho-
cton, resulting in the erection of the
handsome building. No man has
maintained a keener interest in the
library and its welfare than he; he
has nurtured its every step, watched
it grow in size and importance; and
has ever had a live interest in main-
taining the quality as well as in-
creasing the quantity of the books
and knowledge afforded by its shelves.
The oldest member in point of ser-
vice on the board and with all re-
spect to the others, the closest in
touch with the library's needs—no re-
sures voluntarily, because of his mul-
titudinous business cares demanding
all his time. This city may over-
look back to Mr. Pomerene with
gratitude at the yeoman services he
has performed in the upbuilding of the
public library.

NERVE

Never has such supreme nerve been
exhibited in Coshocton county as
that displayed by the unknown fire-
bug who is terrorizing the peaceful
village of Roscoe. While he strikes
in the dark, yet he strikes with un-
erring aim, and always after a taunt
that he intends to do it. The flower
of secret service men at the state's
command have so far been complet-
ely baffled. The fellow leaves no
tracks. It is a desperate game he is
playing, and if continued seems bound
to lead to his capture—or else to the
arrest of innocent people suspected of
being the real culprit.

It now appears that Governor Wil-
son has been devoting considerable
time to talking through the very
kind of a hat he formerly wanted Mr.
Bryan knocked into.

TEN YEARS AGO.

From The Age of Feb. 13, 1902.
Frank Ayers, who has been count-
ing the city of Coshocton at the com-
mand of council, has completed his
work and finds that there are 5666
persons within the corporation limits
of the new city. The count was made
by blocks and four streets went to
make up each block.

The Coshocton delegation of canal
men are home from Columbus where
they appeared before the committee
of the legislature and argued against
the enactment of the Painter aban-
donment measure. They are well
pleased with the result and feel con-
fident that their point will be gained.
Arrangements are being made for

all been taken.

**China to Get
its Republic**

**Abdication of Emperor
Removes Last
Obstacle.**

Washington, Feb. 13.—Official con-
firmation of the press dispatches
stating that the Chinese emperor had
abdicated his throne has not yet
been received at the state depart-
ment, but officials there are giving
complete credence to published ac-
counts of the abdication.

The issuance of the edicts of abdi-
cation will relieve the situation in
China very considerably, department
officials believe. In fact, they regard
the news as marking the end of the
crisis in China, at least for the
present.

It is pointed out that the way is
now cleared for the Imperialist fac-
tions and the republicans to get to-
gether and work out a definite frame
for the republican government. The
position of the republicans is consid-
ered the most advantageous for their
interests as they have won practical-
ly everything they sought from the
throne and from Yuan Shih Kai.

Yuan's influence, though he will be
without definite official status for the
interim, will be very great, it is be-
lieved. There is very little doubt
that he will be a leading figure in
the councils which must be held. His
election to the presidency is regard-
ed here as the logical and natural
outcome of the situation now that
the emperor has abdicated. Provisional President Sun Yat Sen has
announced repeatedly that he is ready
to step down as soon as a republican
government is established and a
means provided for the choice of a
president.

Have Government Established.

Information reaching Washington
is to the effect that the republicans
have established at Nanking an ef-
ficient and complete government. A
cabinet and assembly have been or-
ganized and administrative officers
appointed throughout the entire ter-
ritory under control of the provision-
al government. These officers are
said to be performing their duties in
a most capable manner considering
the circumstances.

An early restoration of normal
business conditions is expected from
advice received here. The abdication,
it is believed, assures against
all danger of extensive hostilities for
the present, so the people of all the
provinces will be enabled to engage
in commerce, industry and agricul-
ture. Customs receipts have not
fallen off, contrary to expectations.

New Ruler is American.

Washington, Feb. 13.—Dr. Sun Yat
Sen, first president of the Chinese
republic, is a naturalized American.

bor so held in 1904, on the ground

Hawaiian Islands, had been endowed

of 1900, which provided a govern-
ment for Hawaii and declared all cit-
izens of the territory to be citizens
of the United States.

Page & Lorenz Desire to announce
that they are the Agents for Thomp-
son's Barossa, the Money-Back
Kidney and Liver Cure.

There are hundreds of people,
young and old; right in Coshocton
who are taking medicines for various
ailments, who do not even suspect
that the kidneys are to blame.

These sufferers do not know that in
all probability their kidneys are all
clogged up, are inflamed or congested,
and are unable to properly filter the
impurities from the blood.

It is the kidneys that keep the blood
pure, and if the kidneys are not in
good condition, disease of other or-
gans of the body will surely develop.

Thompson's Barossa will cure any
disease of the kidneys, or Page &
Lorenz will give you your money
back.

If you are in ill health now, and
are not absolutely certain of the
cause, get a 50-cent bottle of Thomp-
son's Barossa at Page & Lorenz to-
day. It will make you feel better in
a day. It will tone up your kidneys,
liver and bladder in a week.

It is the best investment you can
make. It is worthy a trial on our
guaranteed plan. The dollar bottle
contains more than twice as much as
the fifty-cent size.

**CITY DADS HAVE SOCIAL
SESSION MONDAY NIGHT**

Business transactions at Monday
night's session of the city council were
decidedly lacking. There was not one
transaction that was worthy of note.
The session proper lasted only about
15 minutes but a social after-session
lasted twice that length.

The session proper was filled with
the reading of the journal and a re-
view by Pres. Riley of the work done
at the municipal congress held in
Columbus a few weeks ago. He read
the propositions taken under advisement
at the congress and told how the
"big" men of the convention stood
on them.

At the after session the weather,
the manner of economically heating

their private homes and the unsight-
ly presence of telegraph and tele-
phone poles obstructing the beauty of
the city streets.

After the motion for adjournment
was made the Eighth street paving
matter was brought up casually for
discussion. But in keeping with the
rest of the evening's work no action
was taken on it.

There might have been some south
side sewer matters brought up by
Councilman Stewart had he been
able to obtain a decision from the
city solicitor but Atty. Adams was
not present and the decision was not
forthcoming, so the southside sewer
waited.

**Mexican Rebels Routed Af-

Prisoners.**

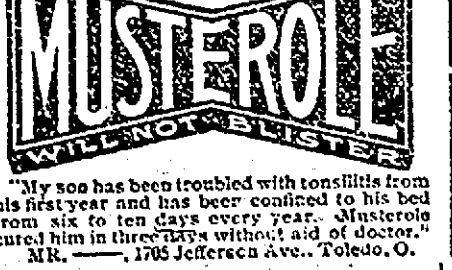

El Paso, Tex., Feb. 13.—Eighteen
of Braulio Hernandez's rebels were
taken prisoners and a number killed
in a battle with a band of loyal sol-
diers under Colonel Jose Orozco at
Mequiti, state of Chihuahua. It was
the first real battle of the present
revolution, and a number of men are
reported killed on both sides. Cap-
tain Salgado of the rebel forces was
among the dead. Hernandez, who
was until lately secretary of the
state of Chihuahua, is reported to
have fled westward with his men.
In government circles it is declared
that Colonel Orozco was on his way
to the Hernandez camp to treat for
peace with Hernandez and his follow-
ers, and that, although the Orozco
party carried a flag of truce, the re-
bels fired when they came in sight,
whereupon the Orozco command re-
turned the fire and the battle ensued.

notwithstanding the argu-
ment sometimes heard
about it being too high
priced now to permit of
home building. Comparing
it with wheat and corn we
find that on
July 15, 1907
100 bu. of wheat would buy
2433 ft. clear siding; 100
bu. of corn would buy 1347
ft. clear siding and on
Jan. 30, 1912
100 bu. of wheat will buy
2920 ft. clear siding; 100 bu.

Fact of the matter is that now is
a good time to build because every
year the standing timber of the Uni-

Circulation Manager Takes Position With Erie, Pa., Firm

Beecher W. Compton, who has been the efficient city circulation manager of The Daily Age for the past year, has resigned and will leave Sunday for Bessemer, Ala., to engage in the contest business, becoming identified with the MacDonald Syndicate, of Erie, Pa., the firm that put on the eminently successful "baby contest" for The Daily Age, last fall, when \$800 in gold was given away. Mr. Compton is a capable young man and will make his mark in the contest world.

He will be succeeded as city circulation manager by Carl Siegrist, who is already on the job.

FRIENDS AID BUKER FAMILY

Making various household articles to replace those destroyed when the Buker home, with its contents, was burned to the ground one day last week, sixty women friends and neighbors of Mr. and Mrs. R. J. Buker of the Otsego neighborhood toiled hard all day Monday at an all-day sewing circle.

Early in the day the women gathered at the Castor home. Some of them brought their sewing machines. A large pile of bed clothes, table linen, curtains and like household necessities was the result of the day's work. The affair was held under the auspices of the Otsego Ladies' Sewing Circle of which organization Mrs. Buker was a member.

As soon as the weather moderates the men of the neighborhood will spend one day on the farm assisting Mr. Buker in cutting timber with which to construct a new house to replace the one burned down. Later the men will band together to assist Mr. Buker at a house raising.

THE EFFECTIVE LAXATIVE

Tastes Like and is Eaten Like Candy

In our experience in the handling of drugs and medicines, we believe we have never had experience with any Remedy that gave such great satisfaction to our customers as do Rexall Orderlies. This Remedy is not like any other laxative or cathartic. It contains all the good features of other laxatives, but none of their faults.

Our own faith in Rexall Orderlies is so strong that we offer them to you with our own positive personal guarantee, that if they do not thoroughly satisfy you, you only need tell us and we will hand back to you every penny you paid us for them. Therefore, in trying them upon our recommendation you take no risk whatever.

Orderlies taste like and are eaten like candy. They do not gripe, cause nausea, excessive looseness, or any other annoyance. They act so easily that they may be taken at any time, day or night. They are particularly good for children, aged, or delicate persons. They are put up in convenient tablets in three sizes of packages. Prices, 10c, 25c, and 50c.

Remember Rexall Remedies can be obtained in this community only at our store—The Rexall Store. Siegrist & Williams, Coshocton, Ohio.

CASCARETS CLEANSE LIVER AND BOWELS

No Bilelessness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give you a thorough cleansing inside and straighten you out by morning. They work while you sleep—a 10 cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

ELKS PLAN TO GO TO NEWARK

Coshocton Elks expect to have a generous attendance of members of the local lodge at the minstrels to be put on at Newark Monday night by the Newark lodgemen. Mr. Schlager of Newark addressed the local lodge last night and extended a cordial invitation for Coshocton men to attend, saying reservations are to be held for Coshocton, Mansfield, Mt. Vernon and Zanesville Elks; but otherwise the entire house is already sold out.

COLD WORKS HARDSHIP ON OIL OPERATORS

Oil operators are experiencing greater hardship on account of the continued cold weather than at any time in more years than the oldest recall. Under the conditions that have prevailed for so many weeks it is almost impossible to keep gas and water lines from freezing up, and the new developments of the oil has to be steamed before it can be run, and all have not the required equipment. This has been the greatest hindrance to moving the oil in the Blue Creek pool, in Elk district, Kanawha county.

On account of the tankage at the wells being full only a few of the wells are producing, and for that reason it is not possible to get a line on the production of the pool. The gauges of the wells that have flowed for any considerable time are as follows: Ohio Fuel Oil company Bart-Schwartz Nos. 2 and 3, 150 and 120 barrels; Grace E. Myers Nos. 1 and 2, 90 and 240 barrels; No. 1 C. C. & W., 500 barrels; and No. 1 on the G. W. White farm, 320 barrels in eight hours.

In the Blue Creek field there is a large amount of new work starting despite the cold weather. More than a mile west of production, on Elk river, Dr. Grissell is drilling a test on the Vernon Jarrett farm. More than a mile northwest of production, on Walnut Creek, the United Gas company will barely get the sand this week at a test on the James P. Brown farm. This location is one of the most important in the field. The nearest production is the Hamilton company's No. 1 on the Blue Creek Coal and Land company's property.

Inside and in advance of defined limits there are more than thirty wells drilling and starting. If the wells in advance of production prove producers the producing limits will be extended in nearly every direction and a field will be assured. Notwithstanding the size of some of the best wells it cannot be regarded at this time as more than a pool. It is now very generally believed that the oil is found in the Squaw sand, and it is the first time in the history of the industry that this formation has furnished such prolific producers.

On Elk river, Elk district, Kanawha county, the W. S. Edwards Oil company (formerly the Hamilton Co.) is down 1,500 feet at a test on the Goshorn farm. On Indian creek, in the same district, the same company has rigs completed for test on the M. A. Mothey and N. W. Cavender farms. On Grape Vine run, Pocahontas district, Kanawha county, the Ohio Fuel Oil company has the rig completed for a test on the F. E. Bogess farm.

On Straight Fork, Duval district, Lincoln county, the Big Creek Development company is drilling No. 5 on the A. Bert Hill farm. On Porter,

TOO MUCH PUBLICITY IN ROSCOE CASE-ZUBER

"Too much newspaper publicity" was the laconic way in which State Fire marshal Zuber put it when questioned by a reporter today about the Roscoe fires. He has been here all day. He regrets that instead of quietly reporting matters to the authorities and giving

them a chance to work, copies of the anonymous letters were published in newspapers, practically thwarting the work of discovery. The authorities have nothing to say today but it is understood are working pretty much in the dark.

AUTOMOBILE LEGISLATION SHOWS CHANGE

Motorists who have made close study of automobile legislation declare there has been a noticeable change, during the past year, in the attitude of the public and legislators toward motor vehicle legislation, which in many states was primarily urged for revenue-producing purposes and to effect proper means of identification.

While there is a wide divergence of opinion as to the extent of the injury, if any, done by motor vehicles to the highways, the fact remains that automobile users are contributing many millions of dollars annually in license fees which in nearly every instance revert to the fund for highway construction or maintenance.

It is the general belief that with the increased usage of the automobile in rural communities, the time is not far distant when the fees paid for registration and licenses will be materially reduced in all the states and in many possibly, entirely eliminated.

There is on the other hand a demand for more stringent laws governing the operation of automobiles, his being especially true as regards

to the great number of accidents, especially in the larger cities, where reckless and incompetent drivers endeavor to avoid detection after causing an accident.

The Touting Club of America in advocating safe and sane driving calls attention to the recent decision of the court of appeals of New York which is of particular interest to owners and operators of motor vehicles, as it restates a well established principal of law with respect to the rights of pedestrians and reference to the opinion is pertinent at this time.

The case in question was of a woman who was run down by an automobile at a street crossing, and according to the decision the rights of pedestrians at street crossings, within such limitations as the police shall set at congested corners are paramount. A person on foot is not required, as a matter of law, to stop and look before crossing the street at a street crossing and while a person might be injured in taking every precaution, yet he has not been negligent in the opinion of the court.

Justice Warner in writing the opinion says, "The rule which fixed the rights of drivers of ordinary vehicles in the use of street crossings cannot be relaxed in favor of automobiles and while they are instrumentalities which afford great pleasure, convenience and utility to many, they are undoubtedly sources of danger to many more." The police authorities in many cities should recognize the importance of this decision which not only affects operators of automobiles but motor cyclists, bicyclists and drivers of horses as well, for according to statistics recently published the number of persons killed in the streets by them is still much larger than those killed by automobiles.

The Touting Club of America is presenting to the executives of the various states the recommendations of the club's committee on resolutions adopted by the American Road Congress, one of which provides that the unnecessary use of warning signals should be avoided and that an adequate warning signal should produce an abrupt sound sufficiently loud to be heard under all conditions of traffic and that its use except as a warning of danger should be prohibited by law.

MERE BOY TRAVELS TO OHIO FROM CALIFORNIA

Coshocton people on the Wheeling and Lake Erie train from Cleveland south Saturday were much amused and greatly interested by a Coshocton boy of but six years of age, who had made a most remarkable trip, being nothing less than from California to Ohio. The boy was on the last leg of the trip, having made his last change at Akron, and he was as chipper and confident as the day he started. He was not afraid to converse with all whom he saw and showed his likes and dislikes very plainly. One thing he would not do, however, and that was to remove from his seat without the consent of the conductor. He had been "five days" on the road, had made numerous changes of cars and was turning right side up with care at Coshocton, where he was let off the train.

The lad's name is James Raymond Daugherty. His father is employed in California and his mother is ill here. She wanted the boy to come to her and the father was unable to come with or send him by a friend. The result was the lad was carefully coached by his father, placed aboard a train and sent through in safety.

Bug Says Much of ANOTHER ANONYMOUS LETTER IS FOUND IN BARN BY A TEAMSTER

Handwriting, Spelling, Paper and Tenor of Note Four
Monday Noon Resembles Exactly Letters Which
Have Formerly Been Received

Letter Was Kept By Ward Kirker Until Tuesday Noon
When He Turned It Over To School Board,
Whom It Was Addressed.

"Skule bord

People of Roscoe would better be kearful who
they banner bord is not doin rite thing blud-
hounds or no dog we are not skeered."

That is the text of the seventh of the series of anonymous letters
sentidents of Roscoe since a week after the burning of the hand-
tea and school house. The letter was found Monday noon lying on the floor in
for the farm at Orchard Heights rented by Prof. J. E. Lyons, superintendent
at Hotel Roscoe schools, by Ward Kirker who boards at the home of Willis
Wynkorp, land.

The letter was kept in the posses-
sion of Kirker until Tuesday after-
noon when it was turned over to
Prof. J. E. Lyons, superintendent of
the village schools. Last night Prof.
Lyons gave the letter to Prosecuting
Attorney George D. Klein who is con-
ducting a rigid investigation with
Sheriff McDonald into the cause of
the mysterious fires in Roscoe.

Pros. Klein said Wednesday morn-
ing that he and the sheriff had found
some evidence and had uncovered
many interesting things but he said
that there were not ready to make
them public.

Kirker is a teamster. Monday noon
he went into the Lyons barn to feed
a horse. He was attracted by a small
bit of paper lying on a board near
the doorway. He was struck by the
peculiar position of the paper and in-
vestigated

Poorly Written.
The note was unsigned, poorly
written on rough paper with a pen-
cil, with no attempt to disguise the
penmanship. The handwriting resem-
bled the six other anonymous notes
that have been received since early
in January following the burning of
the schoolhouse and preceding the
other three incendiary fires.

The village of Roscoe is again
thrown into a panic of fear at the
holdness of the diabolical scheming
of the fire fiend to eliminate the let-
ters say, tuition students from the
Roscoe school.

Lambs 3.00@6.75
Calves 4.50@9.50

Cattle.
Cattle run increased today—total
receipts 2900. Quality not so good—
mostly common and medium. Pack-
ers bearish and trade slow and irreg-
ular. Prime steers scarce—choice
topped at \$7.75. Values uneven and
prices dropped 10¢ to 15¢. In be-
tween and good half-fat kind hardest
hit. Bulls off 10¢ to 15¢; cows 15¢ to 25¢
lower; heifers weak. Fair clearance
had—other markets also lower.

Calves.
Calf supplies showed an increase
today. 800 head made up the total
receipts—quality fair. Demand mod-
erate and trade fairly active. Choice
fat veals favored—bulk good \$9@9.50.
Common and plain grades slow—outs
\$3.50@6.50. Market closed steady,
with prospects fair.

Hogs.
7500 hogs made up the total supply
today. Demand good—trade active at
the decline. Lower rates west exerted
a poor influence here. Local val-
ues dropped 10¢ to 15¢ cents in sym-
pathy. Best heavy packing hogs sold
at \$6.50. Good medium kinds crossed
scarcely at \$6.45@6.50. Values in ex-
treme light end off 20¢ to 25¢. Eastern
buyers paid \$6.10@6.30 for light York-
ers. Good to choice pigs ranged at
\$5.90@6.10. Nice clean-up in all de-
sirable kinds. Levels today 25¢ to 30¢
below a week ago—prospects fair.

Sheep and Lambs.
7200 sheep and lambs were in the
barn today. Eastern and local buy-
ers out in regular force. Good de-
mand obtained for all best grades.
Choice quality favored, with values
firm. Fair trade in other kinds at
steady rates. Best wethers sold at
\$4.10@4.50; choice lambs \$4.65@6.75.
Nice clearance had—market closed
steady.

Sterilized Coal.
Coal in the mine is one of the
things freest of germs. Old-time
doctors used to notice coal miners'
wounds healed fast, though begrimed
and besmeared with coal dust. For a
long time it has been thought that
breathing in coal dust caused lung
diseases in miners. Some experts find
fresh coal is as good as sterilized,
and say miners have lung trouble be-
cause they do not take the trouble to
put off their damp and sweaty cloth-
ing before going from the mine to
their homes, thus taking cold in the
open air. Experts say our min-
ers ought to put on warm and dry
clothes at the mouth of the mine.
But it seems the miners have minds
of their own, and although the coal
companies in some places fixed up
hot and cold water baths and dress-
ing-rooms at the mouth of the mines
the men would not use them, but
went home to wash and dress, as
had been their custom for genera-
tions.

DOC AND OUR BILL

WILL FIGHT IT OUT

The senatorial situation in this dis-
trict is sized up by James U. Faulk-
ner, noted Columbus correspondent of
the Cincinnati Enquirer, as follows:
Something that started last winter in
the general assembly is going to fin-
ish next May or thereabouts in the
Eighteenth-Nineteenth senatorial dis-
trict. This is whether Dr. S. R. Mc-
Guire of Canal Dover, or Wm. Green
of Coshocton will represent the dis-
trict in the senate. Both served in
the last session, but the apportion-
ment reduces the district to a single
seat in the upper branch. So "Doc"

and "Bill" are going to fight it out.

Green was president pro tem of
the senate and came to be the rep-
resentative of the state administration
toward the last having his hands full
all of the time, it may be added. For
a time there was talk of running the
doctor for congress against Hon. Bill
Ashbrook of Licking county, who de-
clines to represent the district as rep-
resentative of the Seventeenth
district but nothing seems to
have come of it. As is usual in ev-
erything in Ohio these days, there is
a boozing question down at the bottom
of the Green-McGuire scrap.

Patriotism
The stomach is a larger factor in "life, liberty and the pur-
suit of happiness" than most people are aware. Patriotism
can withstand hunger, but not dyspepsia. The confirmed dys-
peptic "is fit for treason, stratagems and spoils." The man
who goes to the front for his country with a weak stomach
will be a weak soldier and a fault finder.
A sound stomach makes for good citizenship as well as for
health and happiness.
Diseases of the stomach and other organs of digestion and
nutrition are promptly and permanently cured by the use of
Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY.
It builds up the body with sound flesh and
solid muscle.
The dealer who offers a substitute for the "Discovery" is
only seeking to make the little more profit realized on the
sale of less meritorious preparations.
Dr. Pierce's Common Sense Medical Advice is sent free

21 one-cent stamps for the paper covered book, or 31 stamps

No young woman, in the joy of
coming motherhood, should neglect
to prepare her system for the phys-
ical ordeal she is to undergo. The
health of both herself and the coming
child depends largely upon the care
she bestows upon herself during the
waiting months. Mother's Friend
prepares the expectant mother's sys-
tem for the coming event, and its use
makes her comfortable during all the
term. It works with and for nature,
and by gradually expanding all tis-
sues, muscles and tendons, involved,
and keeping the breasts in good con-
dition, brings the woman to the crisis
in splendid physical condition. The
baby, too, is more apt to be perfect and
strong where the mother has thus
prepared herself for nature's supreme
function. No better advice could be
given a young expectant mother than
that she use Mother's Friend; it is a

DRIVE OUT CATARRH A FILTHY DISEASE

Ely's Cream Balm a Simple
Remedy Relieves Instantly
All Distressing Symptoms

If you are subject to frequent colds,
or if you have any of the distressing
symptoms of catarrh, such as stuffed
up feeling in the head, profuse dis-
charge from the nose, sores in the
nose, phlegm in the throat causing
hawking and spitting, dull pain in
the head or ringing in the ears, it
anoints the nostrils or rub the throat
or chest with a Little Ely's Cream
Balm, and see how quickly you will
get relief.

In a few minutes you will feel your
head clearing, and after using the
Balm for a day or so the nasty dis-
charge will be checked, the pain
soreness and fever gone, and you will
no longer be offensive to yourself and
your friends on account of the con-
stant hawking, spitting and blowing.
Shake off the grip of catarrh before
it destroys your sense of taste, smell
and hearing and pollutes your whole
system. A short time can be
completely cured of this catarrh
disease by using Ely's Cream Balm.
This healing, antiseptic Balm does
not fool you by short, deceptive re-
lief, but completely overcomes the
disease. It clears the nose, head and
throat of all the rank pollution,
soothes, heals and strengthens the
raw, sore membranes, making you
proof against colds and catarrh.

One application will convince you,
and a 50 cent bottle will cure you. It
is guaranteed. Get it from your drug
gist today.

OHIO NEWS.

Murderer Surrenders.

Springfield, O., Feb. 12.—"Every time I passed a policeman I imagined he was going to arrest me. I can not stand it any longer. Take me back to Ohio and prosecute the case." These were the words of Perle Elder, 24, slayer of his mother's negro paramour to a captain of detectives in Chicago. He made a complete confession, according to the police report here. The crime was prompted by the fact that Elder's sweetheart jilted him when learning of his mother's disgrace.

State Assemblyman Dies.

Wilmington, O., Feb. 12.—Captain David A. Lamb, 70, Clinton county's representative in the Ohio legislature, died of pneumonia at his home here. He was a civil war veteran. The funeral will take place Thursday afternoon and will be attended by a delegation from the house of representatives.

Woman Burned to Death.

Springfield, O., Feb. 12.—When she went to rescue her mother, Mrs. Elizabeth Leavitt, 86, in a fire in her bedroom. Mrs. Emily Atherton was burned so badly that she will be disfigured for life. Mrs. Leavitt was so badly burned that she died a few hours later in the hospital.

Bar Association Indorses Judge.

Medina, O., Feb. 12.—Members of the Medina County Bar association, Republicans and Democrats, have signed an indorsement of Judge C. G. Washburn of Elyria to succeed Judge Marvin on the circuit bench of this district.

Wets Lose at Uhrichsville.

Uhrichsville, O., Feb. 12.—Uhrichsville voted dry under the Beal law by a majority of 368. The total vote cast was 1,924, or 200 less than was cast at the Rose law election last December. Only three saloons had opened here since the county went wet.

Gives Up His Job.

Columbus, O., Feb. 12.—After holding down his job two weeks, Charles T. Barnman, secretary of the state board of pharmacy, tendered his resignation. He said he was dissatisfied with the work.

Asylum Inmate Does Well.

Bellefontaine, O., Feb. 12.—Bartley Southard, who three years ago escaped from the Columbus asylum, has written to his parents from Wheeling, Ala., stating that he is conducting a prosperous business.

Jumps Into a Well.

Mansfield, O., Feb. 12.—Doris Stitt, 25, a farmer near Ontario, was found dead in a well. The verdict of the coroner's jury was suicide.

TONE UP THE STOMACH

How Most Cases of
Indigestion May
Be Cured.

In the human body, when the blood becomes thin and impure, the different organs fail to do their work properly. One of the first to fail is the stomach and right here most sufferers from impure blood make a serious mistake. They imagine because their digestion is poor, that something is wrong with the stomach itself. A reduction in the amount of nourishment taken often makes matters worse.

The truth in such cases is that the stomach is failing to do its work well because it is not receiving a sufficient supply of pure, red blood.

Such a sufferer should take a thorough treatment for the blood with Dr. Williams' Pink Pills for Pale People. These pills actually make new, red blood and give strength and tone to the entire system.

Mr. Albert J. Snell, whose address is R. F. D. No. 69, Bemus Point, Chautauque Co., N. Y., says:

"My stomach became out of order because of irregular meal hours and rapid eating. My appetite was so poor that I did not care for food and there was constantly a gnawing pain in my stomach. I got but little nourishment and soon was completely run down. I couldn't sleep or rest well, although I craved it and my eyes ached. My complexion and the whites of my eyes had a yellow, jaundice-like color. I grew so weak and shaky that I could hardly put one foot ahead of the other and my back was weak and sore."

"I suffered for five years and for a long time I had a doctor but finally gave him up as I saw he wasn't helping me. I then tried several medicines without benefit, until I took Dr. Williams' Pink Pills for Pale People. A few boxes showed me that they were adapted to my trouble and they cured me. I work hard every day and have never been troubled with my stomach since."

Send today for a free copy of our new diet book.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, upon receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

House Wrecked by Gas.

Newark, O., Feb. 12.—Gas, which followed water pipes into the home of H. O. Tucker, exploded when a domestic lighted a gas jet. Three rooms in the house were wrecked. Albert Tucker was shaving at the time. He was blown across the room, but escaped injury, though his best razor was hopelessly nicked when it hit the sewing machine.

THE AGE WILL SURELY BE THERE

The Associated Ohio Dailies, an or-
ganization of the leading newspapers
of the state, is in annual session at
Columbus today and tomorrow. The
Age will be represented—of course.

Agreed at Last.

"I wish I were an ostrich," said
Hicks angrily, as he tried to eat one
of his wife's biscuits, and couldn't.
"I wish you were," returned Mrs.
Hicks. "I'd get a few feathers for my
hat."

BACKACHE NOT A DISEASE

But a Symptom, a Danger Sig-
nal Which Every Woman
Should Heed.

Backache is a symptom of organic
weakness or derangement. If you have
backache don't neglect it. To get per-
manent relief you must reach the root
of the trouble. Read about Mrs. Wood-
all's experience.

Morton's Gap, Kentucky.—"I suffered
two years with female disorders, my
health was very bad and I had a continual
backache which was simply awful. I could
not stand on my feet long enough to cook
a meal's victuals without my back
nearly killing me, and I would have
such dragging sensations I could hardly
bear it. I had sore-

ness in each side, could not stand tight
clothing, and was irregular. I was com-
pletely run down. On advice I took
Lydia E. Pinkham's Vegetable Com-
pound and am enjoying good health. It
is now more than two years and I have
not had an ache or pain since. I do all
my own work, washing and everything,
and never have backache any more. I
think your medicine is grand and I praise
it to all my neighbors. If you think my
testimony will help others you may pub-
lish it."—Mrs. OLLIE WOODALL, Mor-
ton's Gap, Kentucky.

If you have the slightest doubt
that Lydia E. Pinkham's Vegeta-
ble Compound will help you, write to
Lydia E. Pinkham Medicine Co.
(confidential) Lynn, Mass., for ad-
vice. Your letter will be opened,
read and answered by a woman,
and held in strict confidence.

HEALTH DAY IN SCHOOLS IS FEB. 29

Local Physicians To Deliv-
er Ten-Minute Talks
To Children

Many cities in Ohio have made
plans to observe Feb. 29 as Health
Day in their public schools.

Local physicians, dentists, minis-
ters, teachers and many others inter-
ested in securing individual and com-
munity health will give ten minute
talks to the children in their school-
rooms.

Literature on various phases of
health problems will be given each
child to take home.

This plan will be the first step tak-
en by many of these cities to make a
co-operative fight against the need-
less and preventable diseases that
are present in their community.

PASTIME TO OPEN SOON

New Theatre Will Be a
Modern and Up-to-date
House.

Washington's birthday is the time
set for the opening of the new Pas-
time theatre, the remodeled old Co-
lonial. It is gradually blossoming
into a marvel of beauty, too. Decora-
tions from Chicago have transformed
the front into a fairy palace, with mar-
ble walls, a balustrade, statues, and
myriads of lights. The front will
have upward of 600 electric lights.
Across the sidewalk will hang a hand-
some flashing sign bearing the word
"Pastime," embracing upward of 160
lights, made by C. W. Miller, the
electrician. The floor of the foyer is
of mosaic. The theatre proper has
been redecorated throughout with
new folding opera chairs and every-
thing modern. Art panels of lin-
crustawallon decorate the side walls.

Puts Stomach, Liver and Bowels in Fine Condition

To promptly end the misery of constipation,
torpid liver, sick headache, indigestion, dizz-
iness and nausea, you must use
CARTER'S LITTLE
LIVER PILLS.
They never fail—
that's why millions
use them. Give
vigor, vitality,
and a clear
complexion are
the result of their use. You need them.

Two and one-half times the
light at no higher cost
for current

We have a man who will call and talk it over with you, and your
request will bring a man instantly—or simply state your business and
size of store and ask for our plan.

The same argument applies to the home—if you care to get at
least two and a half times the light, for the same cost of current,
it will surely interest you.
